Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Since the program requires a master's degree for admission, there is no provision for transfer of master's level course work into the doctoral program. Students who have completed doctoral level coursework at a regionally accredited institution may petition for transfer of up to twelve semester credits, subject to the recommendation of the Program Director and the approval of the Dean. Transfer credits may not have been used as part of a conferred graduate degree, and must be completed with a grade of "B" or higher.
